EXPERIENCE

CompetenceCenter.ma
Full-stack developer
April 2013 - Present

Designed and coded the main site, and worked on web and non-web applications for several clients where I assisted them in the overall process. Also gave courses on the modern web technologies to the center's students.

EDUCATION

ENSA Kénitra
Engineering in Computer Science
September 2013 - Present

Gained deep understanding of computer architecture, Artificial intelligence, image prococessing and web frameworks (Laravel, RubyOnRails). Also participated in many in-class app challenges that simulate high pressure constraints of designing and developing for businesses.

EST Fès
Database Administration
September 2011 - July 2013

Gained knowledge in database administration principales through courses. And in information systems and how they can enhance a business or government's ability to develop. Also learned a lot of new technologies for instance Oracle, SQL Server,MySQL, C/C++, VB, C#, JAVA, JEE, PHP, Javascript.

Microsoft Certified Professional
Application Programming
November 2010 - February 2011

Learned fundamentals of Microsoft technologies, which gave me a strong base for learning standards of software developpement in the Microsoft ecosystem. Also took courses for HTML and CSS wich led to further exploring web technologies and principles.

PROJECTS

CompetenceCenter.ma
- Built the main site using Photoshop, Illustrator, HTML/CSS JavaScript, PHP and MySQL
- The site has also more functionalities that gives the administrator the capacity to manage courses and students.

ESTF 3D
- A 3D educational game that simulates the subscription process in EST Fes.
- Built from scratch using Irrlicht game engine (C++) for developement and Blender for 3D modeling.

Suivi-Lauréat
- A web platform that helps tracking the university graduates in the job market.
- Built with HTML5, Bootstrap CSS, jQuery, Chart.js, for the front-end and Laravel for the back-end.

SKILLS

PHP - Laravel
HTML / CSS
MySQL
.NET
Oracle
SQL Server
Visual Studio
JavaScript
Ruby / Rails
Pyhton
C / C++
Sublime Text 2

WHAT I ♥
